

WORKSHOP ON VALUES & ETHICS IN PROFESSIONAL AND PERSONAL LIFE

19TH SEPTEMBER 2018

Gitarattan International Business School (G.I.B.S) organized a lecture under Personality Development Workshop Series on 19th September 2018 on “**Values and Ethics in professional and personal life.**” The lecture was delivered by Dr. Felton Lean. He is a certified master in Neuro Linguistic Program and possesses more than 18 years of corporate experience.

Dr. Felton explained the role of ethics and values in the life of an individual. He had related it with his past experiences. He also discussed the role of past experience in framing a perspective. Ethics was explained as “**character**” of the persons that follows a set of moral standards. Ethical values and morals are inherent and are core to the human behavior.

The speaker highlighted the role of politeness, compassion, trustworthiness, forgiving and discipline in professional and personal life. He also encouraged the students to bring a change as an individual. This is only possible when there is an internal feeling to make improvement, move towards it and put the thoughts into action. A balanced approach is the only mantra for success in personal and professional life.

The whole session was very engaging and interactive. He discussed various unethical issues prevailing in the country, so as to inspire them to bring a transformation. The workshop will definitely bring change in the inner self of the students and help them contribute to society.
