

ALUMNI LECTURE SERIES

18TH OCTOBER, 2018

An Alumni lecture series was organized by Gitarattan International Business School for MBA – final year, IInd shift students on 18th October 2018. Notion behind organizing these alumni lecture series is to give students a flavor of the real life corporate world. These series are also expected to contribute in building an engaged and compassionate alumni community to facilitate the Institute in growing exponentially. It is also designed to link closely with the Institute's Mentoring System and Internship opportunities for the students. The first speaker for the series was Ms. Ishita Nangru, who is working as Manager- Recruitment at TRC Corporate Consulting Private Limited. She is from the 2011-13 MBA batch. She is an innovative, self-driven and employee centric human resource professional with 5 years of extensive exposure in employee relations, talent acquisition and strategic HR. She initiated her session by asking general questions from the students regarding interview, what interviewers' expect from an interviewee, how an interviewee should prepare for an interview, what should be there focus areas and many

more. This discussion was followed by a presentation covering all these questions which gave students a real insight about the interview process. The second speaker for the series was Mr. Prakhar Pathak, who is working as Assistant Manager HR at Trivitron Healthcare (L& D, HRBP LabSystems Oy). He is from the 2010-12 MBA batch. He started his session by sharing his voyage from the role of a student to a professional. He accentuated students about the relevance of various co-curricular activities and their impact on their future professional life. He also insisted on 'taking challenges' and 'clearly defining expectations from job'. He also shared his experience and his chosen professional career path. The third speaker for the series was Ms. Nidhi Tanwar who is working as an Assistant Manager HR Operations at POPxo. She is from the 2012-14 MBA batch. She started her career as a HR executive in NIIT. She gave thoughtful insights to students about not losing focus even after repeated failures and "keep the good work going". She also discussed about the significance of identifying area of interest with due diligence at the right time by sharing her own experiences. Students had a great learning time as they also clarified their several doubts and shared their experiences too.
