

Mentoring Session with Successful Start-Up Founders

30TH JANUARY, 2021

Gitarattan International Business School organized a Mentoring Session with Successful Start-Up Founders on 30th January, 2021 for MBA First Semester Students. The Session was carried by **Dr. Apala Baduni**, General Secretary, Ekohum Foundation. Dr. Apala is a Specialist in Oral Medicine and Radiology. She is also a Specialist in diagnosis and treatment of oral potentially malignant disorders.

Developing a student with appropriate knowledge base about market, industry and the upcoming requirements is imperative for beginning a new venture. The best awareness for the same may be provided by the people who have been successful in their own journey of becoming entrepreneur.

Following the same direction, a mentoring session with successful start-up founders was conducted for the students of MBA ,so that students can learn from the experiences of such Founders who had build their own venture right from scratch.

giBS sincerely thank Dr. Apala Baduni for accepting the invitation and taking out precious time to address the students.

Prepared by: Dr. Sheetal, Dr. Gaurav Jindal, Associate Professor, giBS
