

THE GIBS TALK: SEASON 3 EPISODE 3

RESKILLING AND UPSKILLING IN CURRENT EMPLOYEMENT SCEANARIO- A YOUTHFUL PRESPECTIVE

06TH JUNE 2021

GIBS organized the webinar under the theme “upskilling and Reskilling in the current Employment Scenario-A Youths Perspective on 6th June, 2021. The theme for the season 1 was ‘Roadmap to Higher education’ and season 2 on ‘Post Pandemic Market Mandate’. The season 3 is another milestone under the theme on ‘Anthem of Corporate in Current Employment Scenario’, in its episode 3, Mr. Meenu Singh, vice president, Industry Automation Business, Greater India Zone, Schneider Electric, gave his talk. Mr. Menu have 26 years of experience in working with industry and hold a degree in electrical engineering and Management.

Ability advancement of the youth is a significant task which needs to be carried out to nullify the impact of Coronavirus situation. To remain valid in current work market up skilling and reskilling in current situation is significant as innovation are affecting organizations. Each organization require its employees to adapt to need of clients or customers as the customers are demanding new things always. Mr. Meenu stressed on the today’s youth on acquiring new skills relating to data handling and other skills to substantiate themselves more useful and more proficient on work. Mr. Menu proposes that reading, learning and comprehension are the way to achieve the objectives throughout everyday life.

At GIBS we are highly indebted to Mr. Meenu Singh for graciously delighting webinar participants with his motivational and insightful words. His powerful deliberations will go a long way in showing a path to our students and faculty members.
