

“VICHAAR BINDU”

A Web Talk on Gender Sensitization

14th August 2021

NSS Unit of giBS organized “VICHAAR BINDU”- A Web Talk on Gender Sensitization virtually on 14th August 2021 with an aim to address the issues of gender biasness, thus creating a positive and inclusive atmosphere around us.

The Resource person **Ms. Runa Maitra**, Founder & Director, People Talent International talked beautifully on gender equality as a fundamental human right that is required to achieve peaceful societies with full human potential. But unfortunately gender equality had been substituted by gender discrimination as a result of conscious and unconscious bias acquired through generations of conditioning. She briefly talked about Gender Stereotypes quoting examples from her own life that made the session interesting.

She mentioned different roles performed by all genders and discussed how to start teaching Gender Equality to kids at home and students. Ms. Maitra stated how shifting of social norms, attitudes and practices is the need of hour.

The session was enlightening and students appreciated to know about their contribution in creating gender-bias free society. The session came to an end with a vote of thanks by Dr Anjali Gupta.
