

PERSONALITY DEVELOPMENT WORKSHOP

PERSONALITY MAPPING

7TH SEPTEMBER 2021

Gitarattan International Business School under IQAC organized e-Personality Development Workshop entitled “**Personality Mapping**” on 7th September 2021. The workshop was organized for BBA 5th Semester students. The objectives of the workshop were to make students learn how to manage their attitude and map their personality.

The theme was well presented by Prof. Brijendra Singh Dhup, Director-HR and Skill Development, Skillmonte Engineering Private Limited.

He initiated the session by sharing the pictures of famous personalities and remarked that the personality with good behavior makes people famous. He opined that knowledge, skills and right attitude enhance the personality. He also discussed about Myers–Briggs Type Indicator (MBTI) - an introspective self-report questionnaire indicating differing psychological preferences. MBTI also explains how people perceive the world and make decisions.

Prof. Dhup listed and explained the ways through which one can map one’s own personality. According to him personality mapping is highly relevant for management students. The awareness of one’s own personality helps in strengthening the qualities that resonates with it. The speaker talked in detail about multiple intelligences and how they are used to evaluate personality.

At the end the question–answer session was conducted to resolve the queries of the participants. The workshop proved to be engaging and insightful.
