Journey from Campus to Corporate

5th October 2021

Institute Industry Partnership Cell (IIPC) of Gitarattan International Business School organized an Alumni Lecture Series (ALS) on 5th October 2021 for the students of MBA & MBA IB 3RD semester.

The alumni provided insight into their journey from college to corporate. They discussed Corporate Expectations, Professional Challenges and Self-Motivational skills along with tips to crack placement interviews.

The alumni for the lecture were Ms Damini Wadhwa and Mr Suraj Verma from MBA (2016-2018 batch).

Both of the alumni emphatically advised students not to give up easily as the transition from academics to office is not always a smooth process. To boost the confidence of the students they made them aware of the most sought after skills according to industry standards. The curious young minds became enthusiastic once their seniors assured them that professional success can be achieved with persistence and discipline.

The informative and engaging lecture concluded with Vote of Thanks.
