

# VIRTUAL INDUSTRIAL VISIT TO TCS

17<sup>th</sup> JANUARY 2022

Gitarattan International Business School organized a virtual Industrial Visit to TCS on 17<sup>th</sup> January 2022. Two hundred and eighty eight students from BBA III & BBA I (1st & 2nd Shift) joined Teams platform to visit TCS virtually. The objective of this industrial visit was to familiarize the students with the work culture of a Software company.

Mr. Architakamal Mitra Manager (Clinical SAS Programming) at Tata Consultancy Services gave a brief introduction of TCS. He narrated briefly the journey of TCS from being a nascent venture to a top leading company. The guiding factor for all operations in TCS is the expectations that a customer has from a service provider. TCS pays keen attention to areas like Results, Partnership and Leadership. Mr. Mitra also explained how TCS has made itself efficient in all the domains of service providing and consultancy.

Another important merit of TCS is its data security system. TCS has Data Centers around the globe which work 24\*7. All of the data which enters any of the data centers spreads across all the data centers around the world.

The virtual visit gave students a glimpse of industrial settings and professional standards.  
The informative visit concluded with Vote Of Thanks.
