

PDW - Problem Solving and Approaches On 3rd April, 2023

The personality development workshop was organized for the students of BBA Semester-2. The speaker for the session was Prof (Dr) Namita Rajput, Sri Aurobindo College University of Delhi. She discussed about the students how to tackle the problem on day to day basis encountered by the students and what are the possible approaches to solve the given problem. The workshop aimed to equip students with a comprehensive understanding of diverse problem-solving methodologies applicable across various domains. The agenda was thoughtfully crafted to deliver a holistic experience, blending theoretical insights with hands-on applications to students. The workshop commenced with an insightful introduction to the significance of effective problem-solving skills, followed by discussions on prevalent challenges and pitfalls encountered during the process. Analytical problem-solving techniques were then explored, emphasizing the art of breaking down intricate problems into manageable components, supported by real-world case studies.

Some Glimpse of the event

The workshop's objectives were multi-fold. Firstly, it aimed to introduce participants to a spectrum of problem-solving approaches, spanning analytical, creative, and systematic methods. Secondly, the event sought to enhance participants' critical thinking, decision-making, and analytical capabilities. Lastly, the workshop emphasized the tangible application of these problem-solving techniques in both personal and professional scenarios. Students gained the knowledge from the session, it was fruitful to them.
