

# PDW ON VALUE AND ETHICS IN PROFESSIONAL AND PERSONAL LIFE

On

11<sup>th</sup> OCTOBER 2022

IIC of Gitarattan International Business School has organized a Personality Development Program (PDW) on Values and Ethics in professional and personal life. Mr. Rajneesh, Co-founder, Simply-HR, talked about how to practice values and ethics in life and major elements of values and ethics. He related all the elements of values very well with our daily life including personal and professional too.

“Practicing values and ethics is difficult but don’t choose the easy way to success” said Mr. Rajneesh.

He continued by adding how maintaining integrity helps oneself from un-ethical practices and how it can give us delight at the end of the day. He explained how a child starts getting message from the environment and builds their own value system merely by observing their Parents, friends and society and how they shape value system in the mind of a child later, how that child behaves when they grow old.

He shared lots of daily life issues, latest news and other related stories with the students so as to make students aware of the consequences of un-ethical practices. The main objective of the event was to advance understanding of professional and personal life ethics among students so that they can apply it in their life and also that the students should be able to appreciate the professional and personal life ethics.

He continued that being in a complex society it is very difficult to maintain our values and many a time we get confused whether to take call on certain practice or not, and at that confusion level, we need to be solid in our action to take ethical decision.

The speaker generated curiosity amongst the students. Students asked various questions, their questions were well handled. He also gifted 5-books written by him to five best students who participated well in the question answer session. A vote of thanks by the organizer, Dr. Mahjabin Banu, Assistant Professor, brought the talk to a close.
