The Resource person was Prof. (Dr.) Vikram Singh, Professor and Head at JC Bose University of Science & Technology, Faridabad. The programme was an interactive session in which Prof. Singh shared his knowledge on Program Outcome (PO) and Course Outcome (CO) Attainment.

He talked about the CO-PO mapping guidelines, course exit survey and student competency. He further explained the concept of CO and PO attainment in detail. He mentioned that each and every outcome must be evaluated. For every Course Outcome at least one question must be framed. Also, attainment level must be decided. And the targets are the same for all COs and are set in terms of performance levels of different groups of students. Lastly, the resource person discussed certain questions and clarifications in an engaging manner and concluded the session.
