

EXCITEDX COMPETITION

On
28th Oct, 2022

Despite popular opinion, it is not a skill that you either have or don't have, it can be learned and improved upon, and here at Gitarattan International Business School, we believe everyone has a voice and perspective that deserves to be heard. GIBS acquired TEDX license on 7th July 2022 and to give its students a similar experience, GIBS organised 'EXCITEDX- An open mic competition' exclusively for the students of GIBS on 28th October, 2022.

The event required all the registered participants to share their thoughts, and ideas that encourage society to become better and serve better. There were total of 11 participants, all were dressed up in business formal. All the participants were put forward with an opportunity to select their own topic which they want to speak about, few of the topics selected by the participants were: Misogyny faced by female lawyers, online education and its impact, my physical appearance doesn't depict my worth, etc. As per the rules of the event, each participant was given the time duration of 6 minutes. The program was judged by Dr. Sheetal Chadha, Academic coordinator (Management), Dr Dipti Jain, Assistant professor (Management), and Dr Mahjabin Banu, Assistant professor (Management).

The winner of the event was Jasleen Kaur who has spoken on the topic “ My physical appearance doesn't depict my worth”. Overall, the competition was successful. The event was concluded by the anchors by announcing the date, theme and venue of TEDXGIBS and also by inviting students and participants to register their names in TEDXGIBS organizing team as per their interest areas.

Prepared and Submitted By: Dr. Dipti Jain
