

# Report on live telecast of Chandrayaan– III's successful landing on the moon

23<sup>rd</sup> Aug, 2023

On 23-08-2023, an extraordinary moment in the history of space exploration was celebrated at Gitarattan International Business School as the successful landing of Chandrayaan-3 on the Moon was broadcasted and screened for the esteemed staff and faculty members. Chandrayaan-3, India's third lunar exploration mission, marked a significant achievement in the nation's space endeavors. The event commenced from 5:15 PM onwards and aimed to engage the intellectual community of the college, giving them the opportunity to witness firsthand the culmination of years of scientific research and engineering expertise. The live broadcast of Chandrayaan-3's lunar landing was made possible through collaboration with the Indian Space Research Organisation (ISRO), which provided a dedicated feed for the event. The screening was set up in the college auditorium, with state-of-the-art audiovisual equipment to ensure a seamless and immersive experience for the audience. The event was graced by the presence of respected Vice Chairman Sir and respected Director Sir. After the event the attendees were proffered with high tea where everyone discussed about the remarkableness of the event.

The successful landing of Chandrayaan-3 on the Moon, celebrated through the broadcast and screening event at Gitarattan International Business School, served as a testament to India's capabilities in space technology and scientific research. The event not only informed and engaged the academic community but also instilled a sense of national pride and curiosity about the cosmos. As India continues to make strides in space exploration, events like these play a pivotal role in fostering a culture of scientific inquiry and innovation.
