

FDP on “Learning Outcome Based Education & NAAC”

On

26th Sep, 2023

Outcome-based education (OBE) is education in which an emphasis is placed on a clearly articulated idea of what students are expected to know and be able to do, that is, what skills and knowledge they need to have, when they leave the school system. It is sometimes also called performance-based education and is an attempt to measure educational effectiveness based on results rather than on inputs such as time students spend in class. The student learning outcomes constitute the criteria by which curriculum is developed or redesigned, instructional materials are selected, teaching methods are adopted, and evaluation is conducted.

In 2021 the OBE has become the integral part of NAAC. As the institution is going to apply for NAAC second cycle next year, it is a mandate that faculty should understand the concept of OBE and NAAC. Keeping this necessity in view a FDP is planned on 26th September 2022 at 3 pm for all the faculty members of the college.

The FDP was organized by GIBS IQAC cell and it started at 3.00 pm. All the faculty members and Director Sir grace the occasion. The resource person Prof. (Dr.) Vikram Singh (Prof.& Dean, JC Bose University of Science & Technology) was felicitated by Director Sir with sapling and welcomed to the college. He started the session at 3.05 PM.

During the session he started with general discussion with faculty members to know about their knowledge about outcome based education. Then he told about KSA model and this is used to make the Program Outcomes and further the Course Outcomes. Knowledge, Skills and Attitude are considered while developing PO's thus faculty should consider these while teaching. He also explained the process how these PO & CO are developed. Then further he also took how a faculty can consider these PO CO and PSO while teaching in classroom. How the question papers can be made so that the attainment of CO's can be checked. There were several queries from faculty members which were taken and sorted out by the resource person. The session ended and the resource person gave all the faculty members work to do. All were asked to go through their course syllabus and identify the matrix which KSA is mapped with which CO. The FDP ended in good note. Director Sir gave Memento to the resources person and sessions get closed. The feedback and attendance was recorded. The session was recorded in the form of video for future reference. All the faculty members were satisfied and appreciated the resources person the contents delivered.

Prepared & Submitted By: Prof. (Dr.) Urvesh Chaudhery

Personality Development Workshop on Learning Outcome Based Education & NAAC

Dr. Vikram Singh

Professor in Mechanical Engineering,
& Dean Placement, at J C Bose University of Science
& Technology Faridabad

Monday | 26 September, 2022

TYPE OF EVENT	FDP
VENUE	GIBS seminar hall
TIME & DURATION	3.00 PM – 4.30 PM (1.5 hrs)
CONDUCTED BY	CMS and CLS
ORGANISED FOR	All Faculty members
NAME OF THE COORDINATOR	Prof. (Dr.) Urvesh Chaudhery
ATTENDANCE	35

RESOURCE PERSON	Prof. (Dr.) Vikram Singh , Professor & Dean, J.C. Bose University of Science & Technology Faridabad.
OBJECTIVES OF THE EVENT	To make faculty members aware about learning outcome based education and its related documents
LEARNING OUTCOME	All the faculty members learnt OBE concept and how to implement it in teaching and evaluation.
