

SKILL DEVELOPMENT TRAINING

An Initiative Under NSS Special Residential Camp

12th December, 2023 (Tuesday)

The NSS Unit of Gitarattan International Business School launched an initiative for skill development training during a 10-day NSS Special Camp. This initiative included specialized skill development training in collaboration with the Aksha Foundation. The focus was on implementing the "Best out of Waste" practice by teaching how to repurpose plastic bottles and discarded clay pots, making them reusable and marketable.

The initiative undertaken by the NSS unit at GIBS aims to substantially impact the well-being of the people in the slum community. By providing skill development opportunities, the objective was to empower individuals living in the Ekta Camp area in Pitampura. These sessions aimed to equip residents with the necessary knowledge and expertise to creatively reuse waste materials, fostering skill enhancement within the community. By concentrating efforts on the residents of Ekta Camp in Pitampura, the initiative sought to directly influence the lives of those residing in the slum area. The goal was to improve their skill sets, potentially creating opportunities for income generation and fostering sustainable practices within their community.

The efforts made by the NSS unit at GIBS are expected to significantly impact the well-being of the slum community by imparting valuable skills that can lead to sustainable livelihoods. This initiative not only promotes creativity and skill development but also encourages the reuse of materials, thereby contributing positively to environmental sustainability.
