The Annual Fest this year unfolded a new chapter of STAR-ZENITH which was based on maximum participation in different events and emerging as winner or runner-up in majority of the events. With reference to this criterion, Jaypee Institute of Information Technology won the grand shining trophy of

STAR-ZENITH. As the sun went down, it was time to shed away the tiredness and fuel up the souls in the grand musical night with DJ – RAVATOR. The entire crowd grooved to the beats, sang along and had a great time.

By and large, ZENITH-2024 proved to be a vibrant celebration of diversity, talent, and creativity. The event not only expressed the rich cultural tapestry of college students but also provided a platform for students to exhibit their artistic skills and passions. From traditional dances to modern musical beats, from culinary delights to colorful bliss, the event had something for everyone. As we look forward to future editions of the fest, we are confident that it will continue to be a beacon of creativity, inclusivity and diversity.
