

NISM CERTIFICATION PROGRAMME

20TH & 21ST JANUARY 2025 (MONDAY, TUESDAY)

GIBS had organized a two-day (10 hours) NISM Certification Program on 20th & 21st January 2025 for BBA 6th Sem and MBA 4th Sem students under KKS (Kona Kona Shiksha) a joint CSR initiative by the National Institute of Securities Market (NISM) and Kotak Securities Ltd, aimed at empowering students with financial literacy. This certification program was conducted by Mr Chandresh Gupta, SEBI certified trainer. This initiative was designed to equip students with essential financial knowledge and professional skills that are crucial for their careers in finance and business management.

The session covered important topics such as:

1. Empowerment of students for interviews with financial services industry employment opportunities
2. Investment strategies and risk management
3. Personal finance and wealth creation
4. Economic awareness and financial planning
5. Creating awareness of self-employment opportunities

The session was divided into eight sessions in all, covering basics of investments & savings, importance of investments, introduction to primary markets and secondary markets of securities, IPO and role of SEBI in regulation of stock exchange, career opportunities for students in securities market.

The certification program involved two quizzes, namely Pre-Quiz and Post Quiz, which was the mandatory requirement to get the certification. At the end of the session on both days, Q&A session was held to clarify doubts of students. All the participants gained extensive knowledge which would enhance their profiles for future endeavors. Successful candidates were awarded the NISM Certification, which is recognized across financial institutions and investment firms, adding value to their professional portfolios. The NISM certification on financial literacy proved to be a valuable initiative for management students. It empowered them with essential financial skills and professional competencies that are crucial for navigating today's complex financial landscape. Future collaborations with NISM are encouraged to extend this certification to more students, ensuring continuous financial education and skill enhancement.
