

INDUSTRIAL VISIT TO SMS HYDROTECH 7TH FEBRUARY 2026 (SATURDAY)

As part of its continuous effort to bridge the gap between academic learning and industry exposure, the Industry–Institute Partnership Cell (IIPC) of Gitarattan International Business School (GIBS) organized an industrial visit to SMS Hydrotech Pvt. Ltd., Faridabad on 7th February 2026. The visit aimed to provide students with practical insights into industrial operations, manufacturing processes, quality management practices, and real-world business functioning.

SMS Hydrotech Pvt. Ltd. is a manufacturing enterprise based in Faridabad specializing in hydraulic and engineering solutions. The company is involved in the production and servicing of hydraulic systems and components used across various industrial applications. It focuses on quality-driven production, technical innovation, and customer-centric operations. The organization maintains structured operational workflows including design, production, testing, and dispatch, ensuring compliance with industrial safety and quality standards.

During the industrial visit, participants attended an orientation session introducing the company's operations, industrial processes, and the relevance of hydraulic systems in modern applications, along with insights into organizational workflow and quality standards. This was followed by a guided plant tour where students observed production and assembly units, machinery usage, quality inspection procedures, and safety compliance practices, helping them understand coordinated manufacturing operations. The visit concluded with an interactive session with industry experts, including a Q&A discussion on required professional skills, industry expectations, and potential employment and internship opportunities.

The flyer features a blue and yellow color scheme. At the top left is the giBS logo with accreditation details. To its right are logos for the Institute Innovation & Entrepreneurship Cell (IIC-GIBS), the Industry Institute Partnership Cell (IIPC), and the Quality Assurance Cell (IQAC). The central text reads 'INDUSTRIAL VISIT TO SMS HYDROTECH PVT. LTD.' with the SMS Hydrotech logo above it. A dark blue box on the right contains the date '7th February 2026 (Wednesday)'. Below this, the time, venue, and class/semester are listed. At the bottom is a photograph of industrial machinery in a factory setting, and social media/contact information.
