

NATURE WALK with PROJECT PARWAH

4TH DECEMBER 2025 (THURSDAY)

The NSS Unit of Gitarattan International Business School (GIBS), in collaboration with Project Parwah, organized a peaceful and meaningful event titled “Nature Walk”. The purpose of this initiative was to encourage students to reconnect with nature while spreading kindness and compassion toward animals living around the campus.

The event began with all volunteers and participants assembling in the GIBS canteen area, where they were briefed about the walk, its purpose, and the importance of empathy toward animals. Once the instructions were shared, the entire team collectively started the nature walk.

The group moved around the GIBS campus and nearby surroundings, observing nature, appreciating the greenery, and feeding animals along the way. Project Parwah members guided the participants on safe and mindful ways to feed animals while maintaining environmental harmony also spread awareness about animal care among students and local individuals they encountered on the walk.

The walk created an atmosphere of calmness, responsibility, and compassion. Students enjoyed spending time outdoors, engaging positively with the environment, and contributing toward animal welfare. The event fostered a sense of unity, kindness, and respect for all living beings.
