

ORPHANAGE VISIT

MANN SE MANN TAK

23RD FEBRUARY 2026 (MONDAY)

The NSS Unit of Gitarattan International Business School (GIBS) successfully organized an Orphanage Visit on 23rd February 2026 in collaboration with the CRY – Child Rights and You, Harsh Vihar, Pitampura, with the enthusiastic participation of NSS volunteers. The initiative was undertaken as part of the NSS Unit's ongoing commitment to community service and social responsibility.

The primary objective of the visit was to spread joy, compassion, and emotional support among the children residing at the orphanage. Such visits are designed not only to provide assistance but also to create meaningful human connections, promote empathy among students, and encourage a deeper understanding of the challenges faced by underprivileged children in society.

During the visit, the volunteers interacted warmly with the children and engaged them in a variety of fun-filled activities, including group games, storytelling sessions, and interactive conversations. These activities were carefully planned to create a lively and inclusive environment where the children could freely express themselves and enjoy moments of happiness and companionship. The volunteers also encouraged the children to participate in small creative tasks and team activities that fostered confidence, cooperation, and positivity.

In addition to spending quality time with the children, the NSS volunteers distributed essential items, snacks, and refreshments as a small gesture of care and solidarity. The distribution was carried out with the aim of supporting the basic needs of the children while also making them feel remembered, valued, and appreciated by the community.

The experience proved to be deeply touching and meaningful for the volunteers. Interacting closely with the children allowed them to reflect on the importance of empathy, gratitude, and social commitment. Many volunteers expressed that the visit changed their perspective and helped them realize that acts of kindness and human connection can make a significant difference in someone's life.

The orphanage visit was not only an act of giving but also a valuable learning experience. It reinforced the core values of the National Service Scheme (NSS) by encouraging students to

develop a sense of civic responsibility and compassion towards marginalized sections of society. The visit highlighted the importance of collective efforts in building a more inclusive, caring, and socially responsible community.

The NSS Unit of GIBS remains committed to organizing such impactful outreach initiatives in the future. Through continued engagement in community service activities, the unit aims to inspire students to actively participate in social welfare initiatives and contribute towards creating a more empathetic, equitable, and compassionate society.
