

NSS
PROJECT PARWAH “COW FEEDING ACTIVITY”
10th APRIL 2025 (FRIDAY)

The NSS Unit of Gitarattan International Business School (GIBS) successfully organized Cow Feeding Activity on 10th April 2026 in collaboration with Kamdhenu Akshauhini (Gaudham).

The activity was conducted from 11:00 AM to 12:00 AM at Kamdhenu Akshauhini. As part of our social responsibility initiative, we recently organized a cow feeding activity in a shelter for cows (Gaushala) with the objective of promoting compassion and kindness towards animals while supporting their welfare. It helps individuals understand the importance of caring for living beings and encourages a sense of social responsibility. In the context of Hinduism, feeding cows is considered a respectful and noble act, which also strengthens cultural and spiritual awareness.

During the activity, we actively participated in a cow-feeding activity where we offered fresh fodder and food to the cows. We observed how the shelter takes care of the animals and learned about their daily needs and management. We also spent time interacting with the cows, which helped us understand the importance of kindness and compassion towards animals. This experience allowed us to contribute in a small way to animal welfare.

The experience was deeply moving and helped us realize the importance of empathy, gratitude, and community service. This visit to Gaushala was not only about giving but also about learning. It strengthened our sense of social responsibility and encouraged us to contribute towards building a more inclusive and compassionate society.

The NSS Unit remains committed to organizing such socially impactful activities and encourages continued community participation in future initiatives.

FLYER OF THE EVENT
